

WELCOME TO IQ LASER VISION!

Our goal is for you to experience a lifetime of the clearest vision possible without the inconvenience, risks and costs of contact lenses and glasses. We combine the most advanced technologies with the most caring, experienced team of surgeons and professionals to deliver a pain-free, permanent and the safest 10-minute procedure. Our surgeons have performed over 220,000 procedures since 1999.

#1 in SMILE and EVO ICL in the U.S. based on experience!

Our surgeons have performed over 14,000 SMILE (small-opening, flap-less LASIK) and over 1,000 ICL (permanent, implantable contact lenses). Most centers have performed less than 100 SMILE and ICL procedures.

ADVANCED TECHNOLOGY

ZEISS SMILE

- SMILE has a 5x smaller opening and no LASIK flap, so patients experience less dry eyes and have a stronger cornea than LASIK.
- SMILE has a larger treatment area, so potentially better night vision.

ALL LASER COMFORT MICRO-LASIK®

- MICRO-LASIK's® ultra-thin flap enables higher prescriptions to be treated safely and minimizes dry eyes.
- Our ZEISS VisuMax® laser applies less pressure and is more comfortable on the eye than other femtosecond lasers

EVO ICL

- IQLV is one of very few centers to use Arcscan (robot-assisted underwater ultrasound) in CA. This device measures where the lens will sit, instead of relying only on the minimum FDA standard of measuring from the outside which results in suboptimal lens selection 52% of the time based on a published study. Using Arcscan, EVO ICL sizing and outcomes are optimized.

AFFORDABILITY

At IQLV, we are committed to making your procedure as affordable as possible by offering interest-free payments as low as **\$8 per day** or **\$249 per month**. FSA & HSA accepted!

Included with your procedure:

- Thorough preoperative examinations and tests (over \$400 value)
- Postoperative eye drops including antibiotics/anti-inflammatory/artificial tears (over \$200 value)
- Lifetime Assurance Program - LASIK and SMILE (\$400 value)

Same day procedure options and Saturday availability
